

# Xorbars Design Your Gym Guide

You can now design your own gym or make additions to existing set ups using this design plan.

- 1) Simply use the squares and the spaces to layout the ideal gym you have in mind.
- 2) Take a photo and send it through to our designer: [office@xorbars.co.uk](mailto:office@xorbars.co.uk)
- 3) We will then come back with any suggestions along with a quote for supply and installation.

**Don't worry too much about heights at this stage!**

## KEY

■ 1 Square = The Post  
(Not to Scale)

1 x Square = 1ft of Bar or Gap

2 x Squares = Gap of  
Parallel Bars & Monkey
